# I. The Mathematics of Rhythm

## THE MATHEMATICS OF RHYTHM

A YouTube element has been excluded from this version of the text. You can view it online here: <https://ubalt.pressbooks.pub/musicandmathsuperollider/?p=39>

The above video contains a demonstration for setting up and playing music on SuperCollider.

First, download this Rhythm Lesson Worksheet.

Then, download SuperCollider: <https://superollider.github.io/download>

**After you download the Rhythm Lesson Worksheet and SuperCollider, you will also need to download the instrument files linked below.**

Tom  
Bass Drum  
Cowbell 1  
Cowbell 2  
Tambourine  
Snare

Copy and paste the text below into a blank SuperCollider document. **Replace all of the lines starting with “/Users/elliottgrabill/Documents...” by clicking and dragging the downloaded audio files (as shown in the above video demonstration).**
